Report of Chief Engineer of Fire Department

To the Selectmen and Voters of Milton:

In rendering my report of the Fire Department for the year ending January 31, 1933, I would state that we have been very fortunate in not having any bad fires during the past year.

This Department has responded to twenty-six calls—eighteen chimney fires, three fires where buildings were involved, one brush fire, one rubbish fire, one fire at North Rochester, and two fires at Lebanon, Maine.

The amount of property involved in fires is as follows:

Value of buildings,	\$4,750 00
Insurance on same,	4,100 00
Losses paid,	956 66
Value of contents,	2,450 00
Insurance on contents,	1,000 00
Losses paid,	30 00

I recommend that the tires on the fire truck be sold and new tires be purchased.

I recommend that a pipe be laid at the upper end of the village from the pond to the street for use in case of fire.

In behalf of the Engineers and Firemen, I will take this opportunity to thank the Selectmen and all who have assisted in any way during the past year.

Respectfully submitted,

FRANK B. McINTIRE,

Chief Engineer.

STATISTICS FOR THE YEAR ENDING JUNE 30, 1932

By comparing this table with the one given last year it will be noticed that, while the total number enrolled is nine more than for the preceding year, the average membership and average daily attendance is somewhat smaller. The per cent. of attendance is very high, and the small number of tardinesses gives us great satisfaction.

The roll of honor which follows contains the names of those pupils who were neither absent nor tardy for one or more quarters during the year. Please note that the number of pupils who have perfect attendance for the entire year is about equal to one-fourth of the whole average membership—a very creditable record.

FINANCIAL

Our budget for the ensuing year shows a reduction of \$1,789 in the estimated cost of running the elementary schools and meeting other statutory requirements. However, the estimated income of the district, not raised by taxation, is greatly reduced for several reasons.

First—the substantial balance which was in the treasury a year ago will be nearly exhausted to meet the demands of the present school year. Second—our state aid for next year will be only about one-half the amount which we receive this year. This is due to the fact that the “five dollar tax” is larger this year owing to the increased equalized valuation of the district. Third—the income from the local trust funds is less than in former years. Our receipts from this source was over two hundred dollars less this year than we had anticipated.

As a result of these three losses in revenue the total assessment required to balance the budget for the elementary schools will be about fifty dollars more than last year. However, we are asking for one hundred dollars less for general repairs to offset this.

The report of the headmaster of Nute High School and the report of the school nurse will follow.

Respectfully submitted,

FRED W. DUDLEY,

Superintendent of Schools.

REPORT OF HEADMASTER OF NUTE HIGH SCHOOL

*To the Superintendent of Schools and the Members of
the Board of Trustees:*

The forty-second year of this institution opened September 5 with an enrollment of seventy-nine pupils. Transfers to other schools and withdrawals reduced the registration until at present there are 69 pupils divided as follows: Seniors, 12; Juniors, 9; Sophomores, 18; Freshmen, 30. There are eleven tuition pupils as compared with twenty-four last year.

Reports from the State Department of Education show an increased rating by the Commissioner on the scholastic standard of the school over that of previous years.

The Otis Group Intelligence Scale given all members of the school showed an increase of from five to ten points on a like performance given last year, showing a mastering of fundamental processes.

The Woody Arithmetic Scale to determine efficiency in mathematics showed a marked difficulty on the part of all to handle fractions, the result showing the Seniors 87% perfect, Juniors 83%, Sophomores 82% and Freshmen 84%.

There has been a trend towards increase in those registering in the Classical Course this year, eight freshmen electing the Latin or College preparatory course as compared with three last year.

Realizing the value of visual education, field trips have been made by the various classes, the Senior United States Government group going to Concord for a

day and attending the Legislature, Federal court, States Prison, Historical society and other places of interest. The Commercial department has visited a modern office and seen up-to-date office equipment being used. Physiography class students visit nearby places to witness effects of water and glacial erosion.

Athletics have been self supporting, and furnished a surplus for purchasing of a ten volume set of Standard History of the World for general reference and research work. It has also furnished money for many needed improvements about school including a new gravel road, a first aid and emergency room for girls which has been furnished with a couch, dressers, table and chairs. As a matter of safety a concrete slab has been poured to cover the unused well back of the school. Shrubbery set out by the graduating class of 1932 has been fertilized and cared for and has made good growth.

Several outstanding booklets, papers and projects of work have been completed. A reproduction of "The House of Seven Gables," a carpenter job worthy of a master builder, is exhibited by Constandino DiPrizio, sophomore honor pupil from Middleton.

Attendance has been excellent and to date but five tardy marks are charged against the school showing an aptitude for promptness hitherto not exhibited.

The excellent condition of the school property is due in a large measure to the untiring efforts of Caretaker Tetherly, whose personal interest is highly commendable.

Respectfully submitted,

PHILIP R. BURLINGAME,

February 24, 1933.

Headmaster.

School lunches of milk and crackers were given to the Milton Grammar School children for a few months this year. I wish to thank the ones who made this possible, as the children have benefitted a great deal by it.

We have had two dental clinics this year, one at Milton Mills and one at Milton. We have also had one vaccination clinic and a toxoid clinic. The toxoid clinic was given by the State Board of Health, Division of Maternity, Infancy and Child Health. Sixty-two children were given this toxoid free.

I wish to thank you for your co-operation and interest during the past years.
